

<b>Class Capacity</b>	Maximum 20 Students per class.
<b>Course Content</b>	The Workplace Hazardous Materials Information System (WHMIS) is Canada's national hazard communication standard. The key elements of the system are cautionary labeling of containers of WHMIS "controlled products", the provision of material safety data sheets (MSDS's) and worker education and training programs.
<b>Course Length</b>	WHMIS is approximately a 4 hr course.
<b>Course Completion</b>	Upon successful completion Haztech will issue each student a wallet size certificate.
<b>Employer Responsibilities</b>	<i>The Occupational Health and Safety Act, 1993 and The Occupational Health and Safety Regulations, 1996 Section 19(1) An employer shall ensure that a worker is trained in all matters that are necessary to protect the health and safety of the worker. 19(2) The training required by subsection (1) must include: 19(2)(a) procedures to be taken in the event of a fire or emergency.</i>
